Medical

Given the good barrier protection and high tactile sensitivity, our gloves are suitable for medical procedures such as handling chemotherapy drugs, patient care as well as elderly care. Our Medical Glove Ranges are available in Examination Nitrile, Latex, Vinyl, Chloroprene and Guardian Gloves to cater for different businesses' needs and requirements. Longer length glove is also specifically developed to provide extra protection to keep healthcare workers safe and clean. Our gloves exceed international quality standards, ensuring unwavering hand protection throughout.

PRODUCT
